

# KUMAR VIDEO

Innovation, Quality, Clarity & services.

Audio visual  
Solution  
company

# ABOUT US:-

## WHO WE ARE

If you would like us to be specific, Kumar Video help individuals find the best quotations for their event's audio visual requirement compared from other service providers . Our teams stage some of the most unique, challenging, and groundbreaking projects across a broad range of markets. We have a very unique combination of corporate LED screen ,LFD Wall , various size of LED Hire for their Event & Exhibitions. We are work all over India.

## WHAT WE DO

Our Unique Platform Helps Users to minimize their time by finding the Right Audio Visual Equipment Hire for their Event & Exhibitions.We are work all over India.

We at Kumar Video provide best audio visual equipment for events and exhibitions. We provide all kinds of audio visual equipment on all over India for corporate & event management companies, designers, stall fabricators etc. We always have latest and unique AV Equipments for your work, which delivers best in Innovation,Quality, Clarity & services.

We always believe in new Innovation and provide best solutions in anywhere in India for Exhibition and events, product launch etc.

# OUR MISSION-

In the highly specialised field of corporate event planning media communication and audio visual solution. Our mission is simple one. The aim is nothing less than total customer satisfaction.

“It is said perfection is not attainable but, We chase perfection so we catch excellence”

- We listen to our clients
- We evaluate
- We create
- We succeed

**OUR REGION**

**ALL OVER INDIA.**

# OUR CLIENTS

# LFD VIDEO WALL

LFD Screen Hire for events, exhibitions and conferences that are looking to stand out from the crowd the new LFD is the ultimate solution as there is no limit on your creativity. ( 3.5 mm Bezel & 5.5 mm Bezel) Samsung 46" & 55".

# LED WALL OUTDOOR

Outdoor 4.8 mm LED is a dynamic way to display content, advertising, video and live feeds around an event concourse, attracting eyeballs from far away and providing a pixel-perfect experience when visitors are located in close proximity to the screen.

## LED WALL INDOOR (2.6 MM)

LED Screen Hire for events, exhibitions and conferences that are looking to stand out from the crowd the new 2.6mm LED is the ultimate solution as there is no limit on your creativity. The extreme flexibility supports flat, edge or curve designs (concave and convex) – or all three formations in one display.

## LED WALL INDOOR 3.9 MM

The 3.9mm high-resolution pixel pitch ensures that the screen can be viewed in perfect clarity from every angle, retaining all of the quality of the traditional indoor LED, with just the additional edged capability.

## FLOORING LED 3.9 MM

With a pixel pitch of just 3.9 mm, this is an LED flooring solution that can be used in environments where visitors are standing directly above or on top of the screen. The 3.9 mm LED is easy to install and construct on an aluminum framework which kumar Video can provide. LED Screen on Rent

# 4K LED TV ( 43" TO 85" )

## SAMSUNG 4K Screens

The world's first ultra-HD 4K screen. Sounds pretty impressive, doesn't it? Smart AV is now able to offer this high-end, immersive screen for your events and exhibitions. With a stylish design, it can be built into any event or exhibition stand design, in order to provide a larger viewing platform that will showcase your content in ultra-HD 4K resolution – four times the definition of regular HD screens size available from ( 85" ,75" ,65" ,55" 49" ,43" )

# TOUCH SCREEN (24" TO 85")

Interactive and multitouch screens, tables and kiosks draw visitors into a stand, allowing them to view what's an offer and have a completely personalised event experience. Within our fleet we own a range of different solutions, from video wall that can showcase interactive presentation to multitouch screen

## EXPERIENCE

Interactive and multitouch solutions are crucial to the evolution of exhibition stands, conferences and digital signage and are now more than just an option: they're an expectation. Multitouch tables and kiosks make it easier than ever to incorporate an interactive solution into a stand of any size and if you want to take it bigger? Well we have a solution for that too, with large format interactive screens and video walls complete with multitouch overlay, all available for hire within our fleet.

# SOUND

As well as thinking about how your AV looks, we put a lot of thinking into how it sounds too. This is because we know that seamless audio is often the key to a flawless event and a great visitor experience. We own an extensive range of audio equipment for hire within our fleet and specialists, who have years of experience getting it right within a live event environment, to ensure that your audio is taken care of from start to finish. We are able to supply everything from a single radio mic, through to a small seminar room, full conference system. Our solutions are scalable for events and exhibitions of any size and because we offer other services such as Staging, Projection, Video and IT equipment, there's often more that we can take off your hands, leaving you to focus on the big stuff. (RCF,JBL,AHUJA)

# PROJECTORS

Kumar video are experts in delivering high-quality projection and projection mapping art displays for events, conferences and experiential installations across India.

Years of experience, means that we are experts in delivering flawless visual interactions and have delivered conferences led by projection as well as projection mapping for our partners.

We can support your agency or production house in delivering all parts of projection from the ground up, including projection equipment hire, onsite delivery and testing of content.
